Leonard Rowe vs corrupt attorney Willie Gary

'The question that keeps coming to my mind is why attorney Willie Gary is still allowed to practice law. He should have been disbarred and imprisoned years ago for the destruction of lives he has caused. Attorney Gary, in my opinion, is detrimental to the American public and a disgrace to the legal profession. He can rest assured that I will not stop until he is held accountable for the deplorable and criminal actions against not only his clients, but against humanity as well!'...

Marietta Goodman vs corrupt attorney Willie Gary

'Willie Gary is nothing less than a predator that preys on those who have already been victimized and harmed. They place their faith and trust in him for justice. He then abuses that trust to enrich himself...Mr. Gary is nothing short of a criminal.'...

Sharron Mangum vs corrupt attorney Willie Gary

'I wanted justice for the racial abuses I experienced at Coca-Cola's Atlanta HQ and Beverage Based Plant. Instead, I found myself fighting for my life. My attorney, Willie Gary, grabbed my breast, grabbed between my legs, forcibly placed my hand on his crotch and tried to force his tongue into my mouth. I fought back and reached for the door handle of the fast moving limo preparing to jump to safety. Willie Gary not only stole millions from me and others, he also threatened my life and sexually violated me.'
